SUMMARY

Java Backend Developer with hands-on experience in building **secure and scalable REST APIs** using **Spring Boot**. Strong understanding of **JPA/Hibernate**, **database integration**, and **layered architecture**. Skilled in writing **clean, maintainable code** and developing backend workflows. Backed by hands-on **internship experience** and **AWS Cloud** exposure with real-world backend deployment practices

Technical Skills

- **Programming Languages:** Java, C++
- **Frameworks:** Spring Boot, Spring Security (JWT)
- **ORM:** JPA/Hibernate
- **Databases**: MongoDB, MySQL
- **Backend Concepts**: REST APIs, CRUD, JDBC, OOP
- **Build & Tools:** Maven, Git, Eclipse, VS Code, MySQL Workbench, MongoDB Compass

PROJECTS

1. **Recruitment System (Tech Stack:** Java, Spring Boot, Spring Security (JWT), MySQL, JPA/Hibernate, Maven**)**
- Developed a scalable **Spring Boot REST backend** handling **end-to-end recruitment workflows** with **role-based access**, including **user authentication**, **job posting**, and **application management.**
- Secured backend APIs using **JWT-based authentication and** role-based **authorization** with **Spring Security**, ensuring controlled and protected access.
- Integrated a third-party **Resume Parsing API** to extract **structured data from PDF/DOCX resumes**, following **layered architecture** with proper **validation and exception handling.**

2. **Bookstore Management System (Tech Stack:** Java, Spring Boot, JPA/Hibernate, H2 Database, Maven)
- Created a **RESTful Spring Boot backend** to manage authors and books with **full CRUD operations** using **JPA/Hibernate** for relational mapping.
- Designed and exposed APIs to retrieve books by **author** and **title**, following proper **REST standards.**
- Used **H2 in-memory database** for **development and testing**, and handled invalid requests with **clear and descriptive error responses.**

EXPERIENCE

Java Developer Intern (Best Performer) – Elevate Labs
Oct 2025 – Dec 2025
- Contributed to real-world Java backend projects by implementing REST APIs, CRUD modules, and database integrations. Gained hands-on experience with Spring Boot, MySQL, and cloud deployment workflows.
- Implemented backend modules and optimized database queries to improve system performance and maintain high code quality standards.

CERTIFICATIONS

Introduction to Computer Training – Completion Certificate

C Programming – Completion Certificate

AWS Cloud Infrastructure – Certificate of Achievement (Capstone Project Internship)

EDUCATION

Bachelor of Computer Applications (BCA) | 2022 – 2025

Teerthanker Mahaveer University, Moradabad

Senior Secondary (XII) – Science Stream | 2019 – 2020

Sant Mary's Intermediate College, Bhikkawala

Secondary Education (X) | 2017 – 2018

Sant Mary's Intermediate College, Bhikkawala
